

EVENT LISTING ON WEBSITE

For a community festival or event to be considered for inclusion on the Sampson CVB website,

1. It must have an appeal to a prospective visitor to Sampson County.
2. It must have its own presence on social media - i.e. a Facebook Event Page.

If you have not previously been in contact with the Sampson County CVB regarding your festival or event for possible listing on our website, please contact Sheila Barefoot at:

Email: sbarefoot@visitsampsonnc.com

Phone: (910) 592-2557

Upon the determination that your community festival or event is a good fit, you will receive a letter with information and instructions in entering information about your event directly to our website.

All community festival and events listing require at least one good quality photo and/or logo.

Your entry will be uploaded for admin approval prior to posting. If any additional information is needed, you will be contacted so that the information needed for the festival or event listing is complete.
